PLEASE RETURN WHITE PAGES

- Have you ever been advised of a flood management plan?

No

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

No.

- What do you feel could have been done to make your area safer:

- Before the flood *clean out the creeks of all the rubbish.*

- During the flood *Early warning*

- After the flood *Although all we had was a washed out driveway it would have been nice to know what was happening*

- Other Questions or Statements *If it was not for ABC radio,*

this general report helped when there was no phone system or electricity for many days. Being left without any knowledge of what was happening was frightening. This flood was unusual but councils have to detail flood plain at their highest level and not allow building on these flood plains. 1974 was a big flood but a lot has not been done to recognise the heights of the floods in 1974 and surely lessons have to be learnt.

Ensure the questionnaire is filled out.
