PLEASE RETURN WHITE PAGES

- Have you ever been advised of a flood management plan?

No.

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

No

- What do you feel could have been done to make your area safer:-

Before the flood A drain constructed across the road from my house to divert the flow toward the creek.

- During the flood

- After the flood

- Other Questions or Statements.

The change in construction of The Gattou Creek Bridge. It was originally a bridge, thus letting more water to pass. The construction was then changed to 3 box culverts which can easily become blocked with trees & debris, when this was undertaken we lodged objections but we were told the flow of water would not be impeded, how very wrong they were, and I have suffered the consequences. I have lived here over 40 years but the opinion of locals seems irrelevant.

Ensure the questionnaire is filled out.
