PLEASE RETURN WHITE PAGES.

- Do we need an early warning system for floods?  
 I can see no advantage as the 10/1/11 flash wall of water could not have been predicted & those who live in 'normal' flood areas know what to do in normal circumstances.
- Have you ever been involved in a local meeting about flood early warning system?  
 No.
- Would an early warning system work?  
 No.
- Had you been advised by Council, or State Government, the highest flood levels in your area?  
 No.
- Had you ever received evacuation information for flood / landslides / fires?  
 No.

Please turn over.

PLEASE RETURN WHITE PAGES

- Have you ever been advised of a flood management plan?

No.

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

No.

- What do you feel could have been done to make your area safer:-

- Before the flood Nothing could have predicted this unprecedented event  
Keeping drains clear could have helped.
- During the flood

- After the flood

- Other Questions or Statements.

• We find it difficult to understand why media were allowed into areas before residents.

• Emergency services searching property & equipment after the event should have had more respect for other peoples belongings. ie breaking into undamaged residences & further unnecessary damage to belongings without owners knowledge.

- Local knowledge to be used more wisely & efficiently.
- Flood appeal money should be distributed to those affected regardless of insurance status.

Ensure the questionnaire is filled out.

Name: Lindsay & Trish Davis
