PLEASE RETURN WHITE PAGES.

- Do we need an early warning system for floods?
*If possible - although 131940 (phone + website)
+ Bom warnings are usually okay
There are somany small creeks in this area that
it may be very difficult*
- Have you ever been involved in a local meeting about flood early warning system?
No
- Would an early warning system work?
*Possibly - I work days, daughter works
nights, so you would
probably miss at least one of us
(I was home, daughter at work in Grantham)*
- Had you been advised by Council, or State Government, the highest flood levels in your area?
No - but I havent asked.
- Had you ever received evacuation information for flood / landslides / fires?
*No - this would be extremely useful
to know, but I know I can
ask for Disaster Mgt Plan
from LVRC, which should help*

Please turn over.

PLEASE RETURN WHITE PAGES

- Have you ever been advised of a flood management plan?

No

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

No

- What do you feel could have been done to make your area safer:-

- Before the flood *Clear out waterways*

- During the flood *Not a lot - maybe warning sirens?*

- After the flood *Excellent - good coverage of roads + warning signs.*

- Other Questions or Statements.

Community awareness sessions on natural hazards and risks would be useful eg the forthcoming fire season is likely to be higher risk due to increased/uncontrolled fuel loads. - we don't want bush fires to cap this year off - and it's only March!

Ensure the questionnaire is filled out.

Name: *Sharon Claridge-Mohr*
