To: Fred Reuter (Local Controller, Maroochy, Sunshine Coast Regional).

You have been identified as a State Emergency Service Local Controller. As such, the Commission is interested in finding out from you more about the nature, role and funding of SES units in Queensland. We are particularly interested in knowing how your SES unit and its various groups operate, and how operations were undertaken during the 2010/2011 floods. This will help us to understand better the arrangements for running the SES in Queensland.

We would appreciate your taking the time to answer the following questions. This should take about 15 minutes. Upon completion, please forward the questionnaire by mail to: Queensland Floods Commission of Inquiry, GPO Box 178, Brisbane QLD 4001; or by way of email to info@floodcommission.qld.gov.au by Friday, 14 October 2011. If you are legally represented, you should forward it to the Commission through your legal representative.

Alternatively, if you do not wish to provide a written response to the Commission, we can arrange to have a Commission investigator ask you these questions over the phone. If you would prefer to respond in this way, please contact Coror McGarrity on [redacted].

The information you provide may be used in the preparation of the Commission’s final report, which will be published in February 2012.
Questionnaire for SES Local Controllers

The following questionnaire is split into six sections. Each section contains a number of questions asking you to describe the nature of your SES unit/groups, and also the nature of response operations conducted by your SES unit/groups during the 2010/2011 floods. Please complete the questionnaire and return it to the Commission by Friday, 14 October 2011.

1. Structure of SES units

1.1 Please describe the structure of your unit, including the number and location of any constituent groups and the number of members in each group.

In our unit we have 3 areas I am the local controller for the central group (Mooroolbark), I have 4 response groups. Cootam 36, Mooroolbark Ponds 67, Kilsyth 46, Kew 21, and a Headquarters team 10.

Also we sponsor a Emergency Service Cadet Program.

1.2 Please indicate whether any members of your unit are employed on a part, full-time basis. If so, how many are employed on this basis and what positions do they fill?

All our members are now volunteers.
1.3 Do you believe there is a need for SES members (including Local Controllers) to be employed on a paid, full-time basis? Please explain why or why not, including whether there are other ways in which SES members could be rewarded for their time.

AS I WAS A FULL TIME LOCAL CONTROLLER IN MAROOLY SHIRE WITH MAROOLY COUNCIL, I HAD TO COMPLETE THIS NEW COUNCIL JOB AND THE POSITION. WITH FULL TIME DURING THE DAY, I DID LOTS OF MEETING WITH CONTRACIONS AND VOLUNTEERS NEEDED TO GIVE UP THEIR TIME.

1.4 If there is more than one Local Controller in your local government area, what effect does this have on operations?

You only know what is happening in your part of the unit and not all the area. The media needs to call in our case 3 Local Controllers to find out about I AREA.
2. Readiness for the 2010/2011 floods
