Subject: FIC SITREP 11/01/2011 4:15pm
CC: Cowie, John; DM DutyOfficers; FIC-Standby-Duty-Officers;
Flood_Information_Centre; Jensen, Colin

Attached is the FIC SITREP based on:

- Estimated total 10,500m³/s Lower Brisbane River flows,
- BoM forecasted water levels with forecast rainfall as at 11/01/2011,
- BoM estimate that the Brisbane City Gauge water level would reach 4.5 mAHD on Wednesday and 5.5 mAHD on early Thursday.

Please note the total flooded properties is now estimated at approximately 24,300. The above count is for property flooding not house flooding.

Please refer to the 12,000m³/s 'pre-cooked' maps which have been issued to the FIC Liaison Officer at the LDCC.
