**Cc:** Rob Drury  
**Subject:** Briefing note

Peter,  
I am at the Flood Centre with John, Terry and Rob Ayre but finishing up soon.  
We have put together a fair bit of the briefing note and will put some more together tonight and early tomorrow.  
John, Terry and I will meet you tomorrow morning at 8.30am in level 3 Margaret Street to run through if we are covering everything.  
Then we will finalise a few details and put together.

John may still send a copy through tonight but probably best just to run through it with you tomorrow.

Rob

Duty Engineer  
SunWater Flood Operations Centre
