QFCI

Date: 7/2/12 Jm
Exhibit Number: 1092

Dear Len

Thanks for the response and understand you have the shortest timeframe of anyone as the others have all seen drafts. Please include whatever caveats you need to on your response. Please be assured we are not asking you to say anything you are not comfortable saying nor anything you would not support in the courts if it came to that. Please just get through what you can.

If it would help in any way to focus and digest the material please give John Tibaldi a call and he may be able to help.

Regards

Jim

Subject: RE: Report requirements

Dear Jim,

I shall give it my best shot. There are over 1,100 pages of totally new material to be digested - it is not like reading a novel. Anyway, to the task.

Regards,

Len

Subject: Report requirements

Good morning Len,

Apologies I didn't get this through to you on the weekend.

As confirmed you now have the Somerset & Wivenhoe January 2011 Flood Event Report and the relevant flood mitigation manual.

As per previous advice, we request you confine your review to answering the following questions at this time:

1. The January 2011 Flood Event occurred between 6 January 2011 and 19 January 2011. Was the release of water from Wivenhoe Dam and Somerset Dam during the

January 2011 Flood Event in accordance with The Manual of Operational Procedures for Flood Mitigation at Wivenhoe Dam and Somerset Dam (Revision 7)?

2. Based on the information contained in the draft Report, were there any aspects relating to the operation of Wivenhoe Dam and the operation of Somerset Dam during the January 2011 Flood Event **not** in accordance with The Manual of Operational Procedures for Flood Mitigation at Wivenhoe Dam and Somerset Dam (Revision 7)?

As discussed your report is required by the middle of this week, absolute latest would be COB Thursday 10 March 2011. Email response will be fine. If there is anything you need to discuss in relation to the technical parts of the report please contact John Tibaldi on [REDACTED]. Your comments will be included as feedback into our submission on the Commission of Inquiry.

There may be other things we would like your assistance on but we will discuss these at a later date. Please call if there is anything I can help you with.

Regards

Jim Pruss
