Dear Madam

Request for Further Documents

We refer to your email of 31 March 2011, requesting 12 additional items be provided by our client to the Commission.

We now *enclose* a disc containing documents relating to the categories listed below.

1. The minutes of stakeholder meetings relating to the seventh revision of the Manual of Operational Procedures for Flood Mitigation at Wivenhoe and Somerset Dams (Item 1). These documents supplement the documents we provided to you on April 1 2011, which were draft versions of revision seven of the manual.
2. All model runs relating to Wivenhoe and Somerset dams, performed by Seqwater between 6 and 19 January (Item 2). These model runs are those which do not appear in Appendix A to the Flood Event Report relating to those dams (Item 2).

Yours faithfully
